 - **Exams, X-rays and Cleanings**
 - **Large Network**

Why United Concordia is the right choice for you

Expertise

- Over 45 years of experience in group dental insurance.
- Nearly 8.9 million covered lives, including more than 524,000 covered lives in FEDVIP.¹

Commitment to Oral Health

Recent research suggests a connection between oral health, particularly gum disease, and certain medical conditions. As a result of research that demonstrates a clear connection between oral conditions and overall wellness, United Concordia developed Smile for Health® - Wellness. That's why:

- United Concordia's benefit plans are designed to encourage members to keep up with their preventive dental care, and to help them plan for the potential costs of more complex dental procedures.
- Our online Dental Health Center at www.uccifedvip.com offers valuable dental health information to help educate you and your family on the importance of dental health and proper preventive dental care.

Smile for Health® - Wellness is included with your United Concordia federal dental plan and provides periodontal disease maintenance and treatment to federal dental plan members with diabetes, coronary artery disease (heart), cerebral vascular disease (stroke), rheumatoid arthritis, lupus, oral cancer and recipients of an organ transplant.

Members with any of the qualifying conditions can simply register online through *My Dental Benefits* to receive additional periodontal disease maintenance and treatment coverage at no additional cost. Additionally, you can elect to receive disease-specific oral health tips and educational materials to help you maintain your oral and overall health.

Large National Network of Dentists

Our Federal Dental Program Network is one of the largest in the industry, providing members throughout the country access to screened and qualified dentists and specialists. We work hard to ensure that there are network dentists in the locations where our members live and work, including both urban and rural areas.

As a United Concordia federal dental plan member, you may choose any dentist, even if the dentist is not in our network. However, there are many **benefits of visiting a network dentist**:

- ✓ **Saves you money**—Our network dentists accept our negotiated fees as payment in full for covered services, so they cannot bill you for the difference between their regular charges and our negotiated fees. Also, United Concordia pays a greater percentage of your dental bills when you visit a network dentist.
- ✓ **Saves you time**—Our network dentists agree to file your claims, so it's one less thing for you to do.
- ✓ **Provides peace of mind**—All of our network dentists undergo a thorough review through our quality assurance process and routine verification of their credentials.

Finding a United Concordia network dentist is easy. Just use the **Find a Dentist** online search tool at www.uccifedvip.com.

1. Based on United Concordia internal research and reports as of September 2017.

2. Please review the United Concordia FEDVIP Brochure for a full explanation of plan benefits including exclusions and limitations. You can access the Brochure at www.uccifedvip.com.

3. Percentages applied to lesser of United Concordia's negotiated fees (maximum allowable charges or MAC) and dentist's average charge. As out-of-network dentists do not agree to accept our MAC, they may bill you the difference between our MAC and their regular fees.

4. 12-month waiting period for Class D services.
